Solution
Provider**

**Service
Delivery
Solution
Provider**

**Accounting
Solution
Provider**

PADIS 18.2 +

ONE Order Scope

- Validate Order Management interactions with Accounting & Delivery Providers

The capability to receive and send ONE Order messages

The ability to manage Orders in Delivery and Accounting processes

Scope & Levels

NDC Certified: Airlines, Sellers, Aggregators

NDC-Capable: IT Providers

NDC@Scale

• **Technical set-up**

• **Organization set-up**

• **Use cases**

• **Capabilities** –
with special
designation for
business travel
ready airlines

Value of NDC@Scale to the Industry

- Confirmation of an airline's ability to scale their NDC deployment and transactions
- Display to Sellers and Aggregators which standard workflows an airline is capable of using
- Display to Sellers and Aggregators which capabilities an airline reports are live on their NDC API
- Note: Certification does not review commercial agreements

What's next?

- NDC@Scale Capabilities: definitions from Airlines and Sellers
- Review of lessons learned and Business Travel Ready recognition
- NDC@Scale for Aggregators and Sellers
- Use cases and workflows in the governance working groups to be defined in the Enhanced and Simplified Distribution Implementation Guide (developer.iata.org)

To see who's certified

NDC registry

The NDC Registry lists all companies that are successfully certified as either NDC-Certified or NDC-Capable, in accordance with the [IATA Guide to the NDC Certification Program \(pdf\)](#).

PLEASE NOTE: The NDC-Certified and NDC-Capable designations do not validate the content of the designated entity's messages and do not entail any kind of certification, validation or endorsement of (i) any aspect of the entity, (ii) the quality or other aspects of its activities or products or XML API, (iii) any commercial products that may be derived from the usage of validated NDC messages or the XML API.

Please see the complete [NDC Registry Terms of Use \(pdf\)](#) for important further disclaimers applicable to the designations.

ONE Order Registry

This registry lists the companies having gone through the [ONE Order](#) certification program.

- **Airlines** – Any airline that deploys and support ONE Order communication messaging and capability
- **Vendors and IT providers** – any vendor that offers ONE Order solutions and services (OMS, Delivery Provider, Accounting) can become ONE Order capable

Please see the [ONE Order Registry Disclaimer and Terms of Use \(pdf\)](#).
