Setting the Scene (Day 1, opening)

Implementer Presentations (Spread over day 1 and 2)

The goal of these sessions is to demonstrate a broad sweep of the capabilities implemented by participants. Implementers will share their journey and discuss how they implemented scenarios related to the meeting themes (screenshots and/or live demonstrations).

- ▼ Leaderboard airlines present their current and planned capabilities in their NDC implementation, highlighting tangible benefits to consumers.
- ▼ Participants share about their experiences implementing the most popular use cases and converge on the understanding of these message flows.
- ▼ Using the TMC reference architecture as a framework, participants implementing solutions for corporate travel share from their NDC journey.
- ▼ Payment Implementations in NDC, including presentation of a Payment POC

ONE Order (Day 2)

- ▼ This session will help you stay abreast on the progress of the ONE Order Program. We will have the opportunity to hear directly from one of the pilots who will share their findings.

Getting our hands dirty (Day 2)

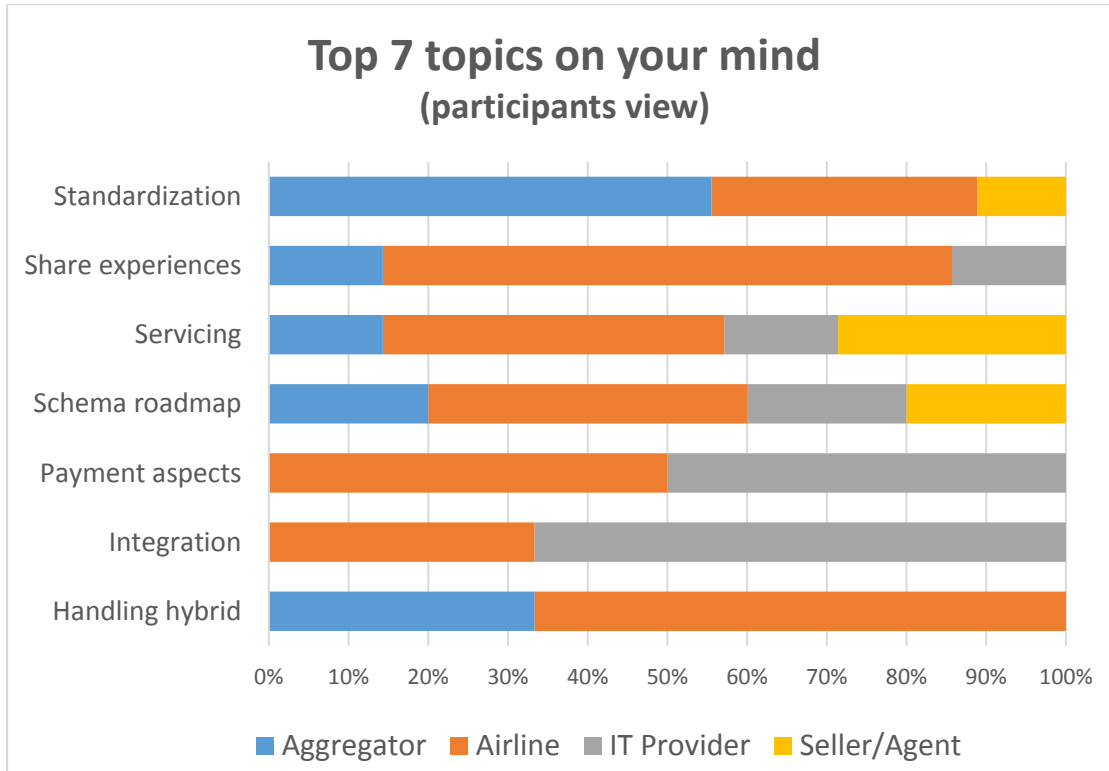

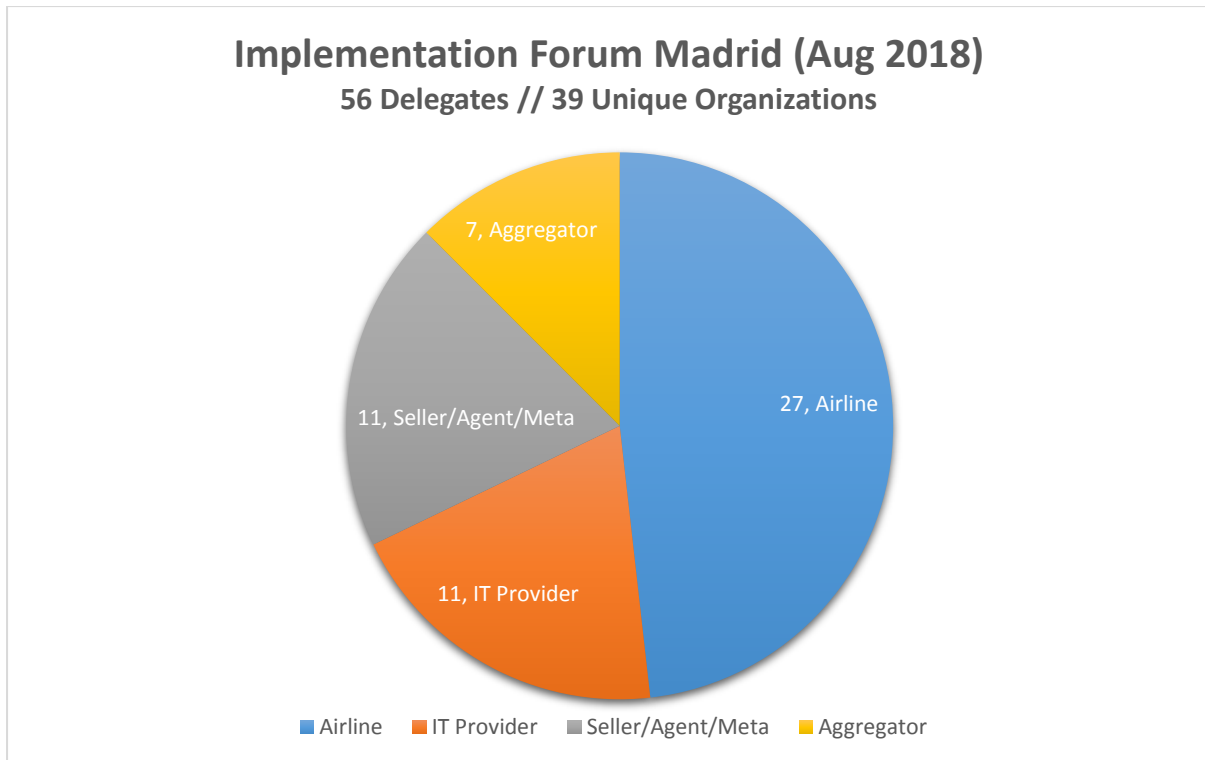

- ▼ A deep dive into the implementation aspects, allowing participants to have an opportunity to raise technical questions such as "how do I do this in the NDC 17.2 schema". This session will be driven by the posts on AIRTechZone.
Participants need to post questions and share responses and experiences directly on AIRTechZone before the session.

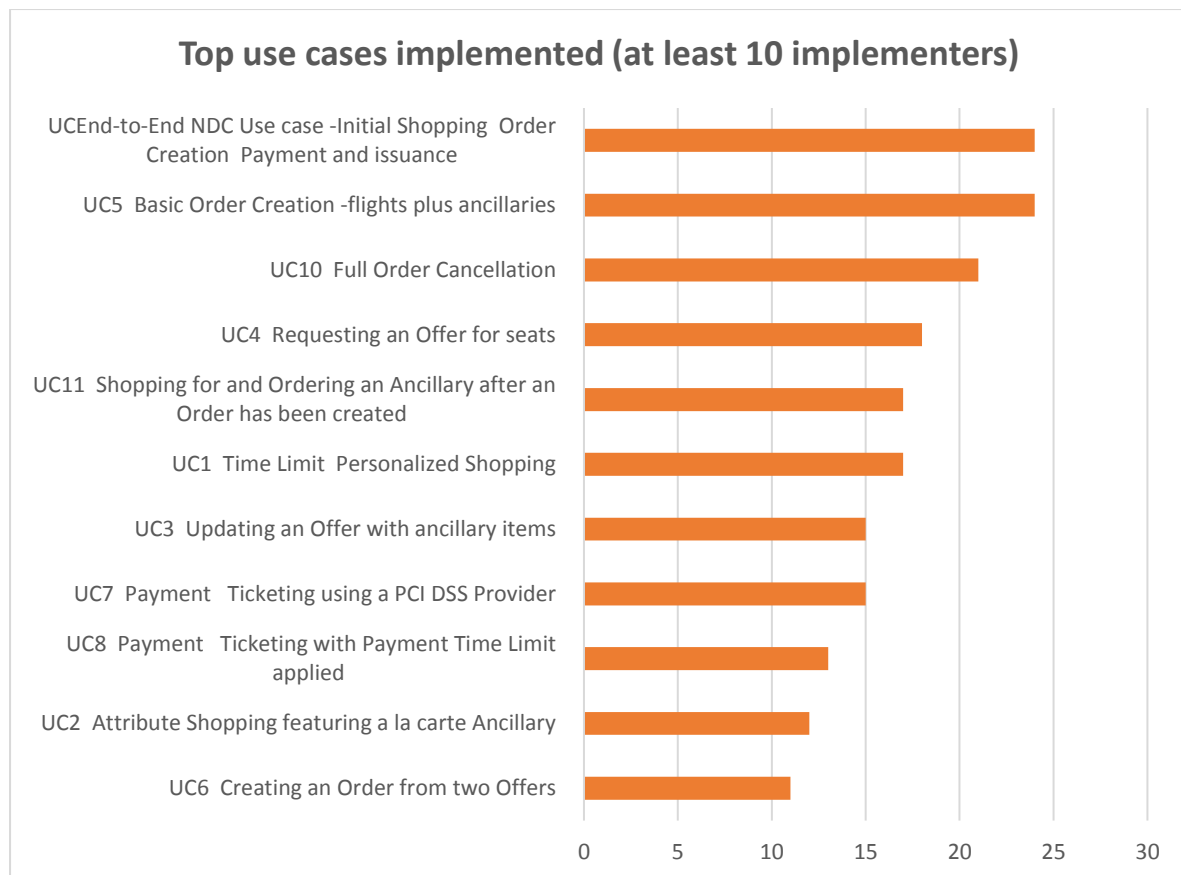

4. Bringing it all together (Day 2, closing)

- ▼ Round table on proposed solutions discussed
