Dear Implementers,

IATA is pleased to invite you to participate in the Virtual NDC Implementation Forum happening on **26 and 27 May 2020**.

This is the twelfth in a series of events that provides an opportunity to raise questions around your implementation, encourage conversations among peers when implementing NDC and more recently, ONE Order.

The original agenda of this meeting intended to continue discussions from the [last Implementation Forum in January 2020](#) that focused largely on the Implementation of Managed Travel in NDC. Due to the COVID-19 crisis, the focus of this meeting has changed, allowing delegates to share implementation topics important to them in these difficult times.

By participating in this Forum, you will join other members of the Implementation Community who have already gone down the path of their NDC journey and be able to share your own NDC experiences and challenges.

Main details of this forum:

- This forum is intended for **Airlines, IT providers, Sellers and Aggregators, Mid-Back office, OBT/SBTs** currently implementing NDC or ONE Order. The forum is primarily intended for project managers and developers who are

hands-on in their organization's implementation and have a good overview of workflows on both the business and the technical sides.

- There will be a **special focus on your NDC implementations during the COVID-19 crisis**, with the opportunity to discuss implementers' solutions for specific business scenarios. It is also meant to encourage conversations among peers implementing NDC and ONE Order.
- The agenda and meeting details will be posted directly on the meeting site on [AIRTechZone](#). Attendance at this event is free of charge.

### IATA Hosts:

[Alexandre TEIXEIRA](#)  
Manager Order  
Management

[Shaunelle HARRIS DRAKE](#)  
Head Implementation  
Distribution

[Vanni SANVINCENTI](#)  
Lead Architect Distribution
