Strategy

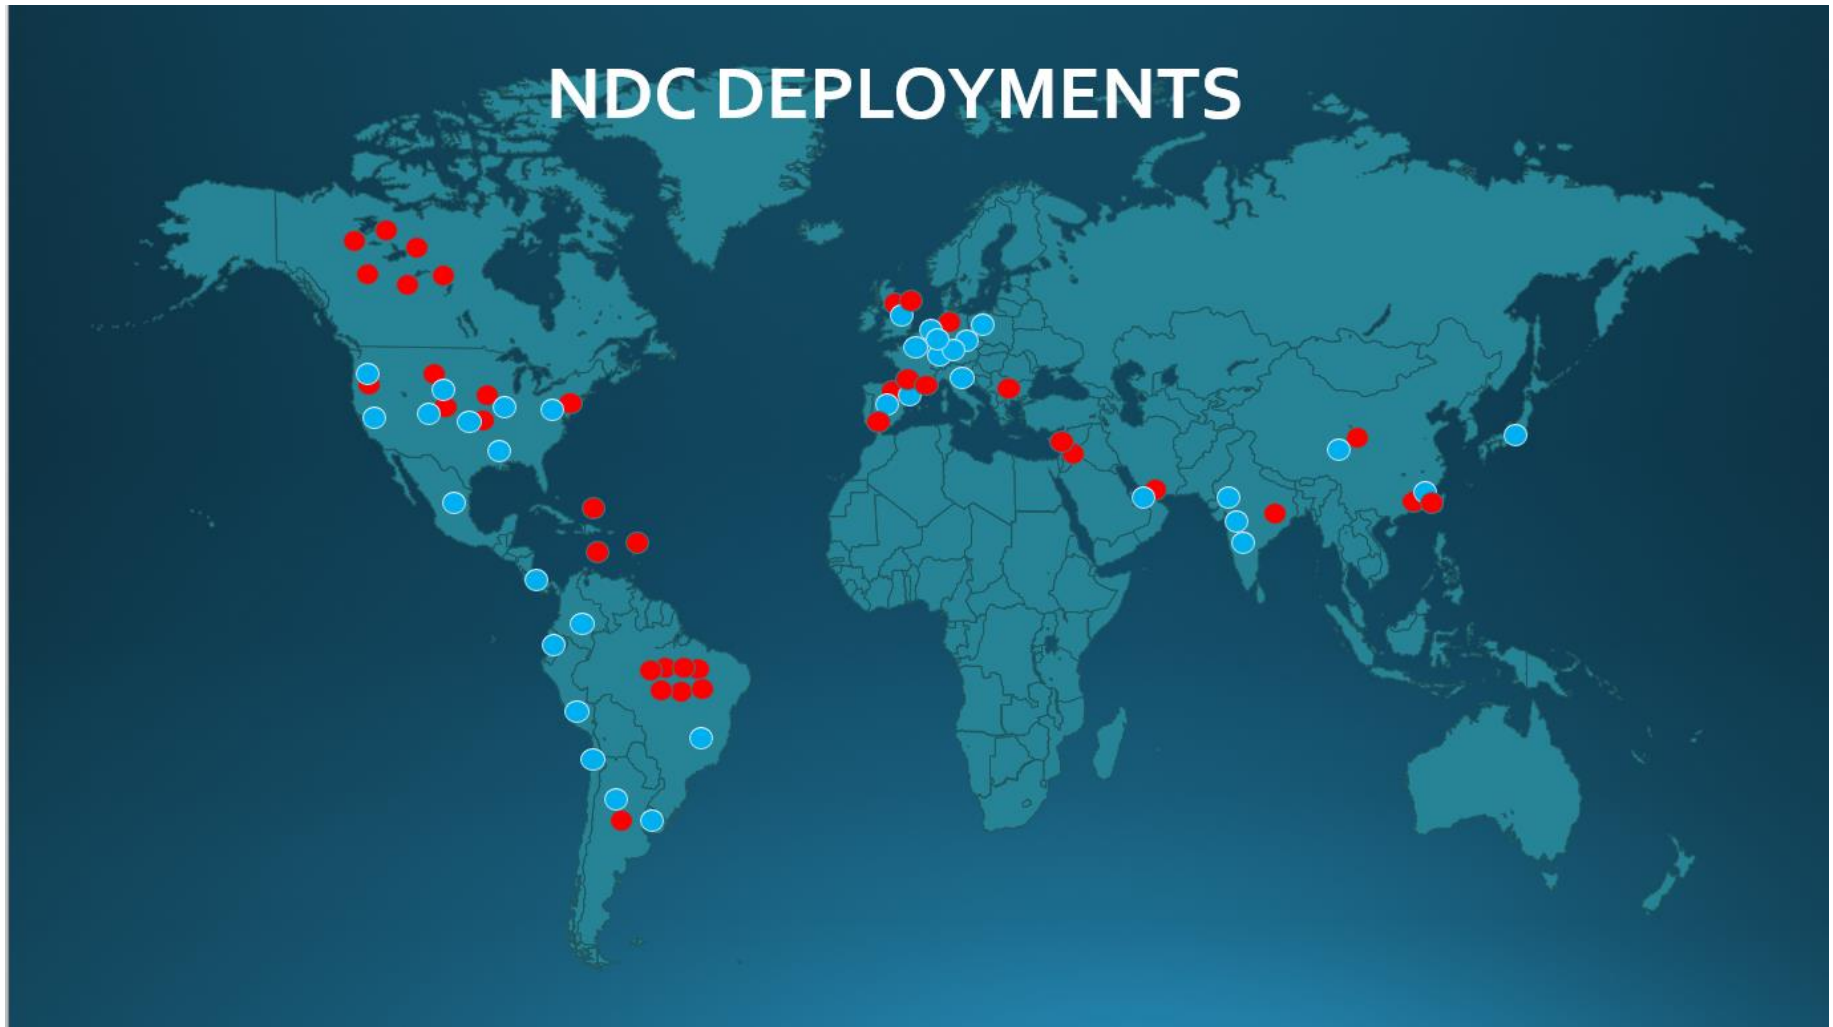

Easiest Carrier to do business with

Provide the best possible experience regardless of where customers shop

Equip our partners with the best possible content and functionality

Enable content and products that benefit agencies and their customers by simplifying and enhancing their experience

Integration Status – Global Footprint

- Development

Looking Forward

- OrderChangeNotif
 - Working closely with our implementers and IT Providers to refine business and technical requirements
 - Next week we will be having a workshop to review the capability planned for 17.2 and beyond for level 4 certification
 - Identify any gaps or concerns and raise a CR to IATA if necessary
- Our Strategy team is putting together a task force to enable us to identify the products/services that are most desired
- Post Servicing
 - Provide post servicing as an enterprise vs a 3rd party IT Provided service
