

# Solving Identity Management

February 20, 2019

# Identity Management – 3 phase roadmap

## Phase 1 (TIDs)

- **Available now**
- Baseline MVP for Non BSP Agents
- Create Coding Efficiencies
- +Process and commercial improvements

## Phase 2 (Enhanced Stakeholder Identification)

- **Delivery: Timelines under review**
- Identification at greater granularity
- TIDS meets 90% of must have requirements
- Action: review if schema gaps

## Phase 3 (Digitizing Onboarding)

- **2019 – 2021 timelines (upcoming slides)**
- Digital solution part of broader Digital Finance Solution Travel Grid
- 2019 Digital Certification Authority (DCA) Prototype, Native capabilities

# Phase 2 Summary: Enhanced Stakeholder Identification

[\(See requirements documentation\)](#)

Ability to identify agents and other stakeholders in the distribution value chain at greater level of granularity expanding beyond TIDs MVP.

Supports airline's onboarding processes.

## **Milestones:**

- Endorsed business requirements - DONE
- Assess TIDS against requirements – pre-work done; 90% of must-have requirements are met
- Implement requirements ? Standards work?
- Communications and Governance Presentation to the ATSB.
